Is independent study the right program for your education?

STEPS TO ENROLLMENT

1. Talk to your school counselor.
2. Complete an application and include all required information (most recent transcript or report card, current attendance records, CAASPP test scores, and IEP if applicable).
3. If you have an IEP, the amendment must specify that independent study is recommended.
4. It is highly recommended students have a 2.0 GPA or above at their current school.
5. Intake interviews are conducted twice a month from August through April 3, 2020.

ARE YOU...

- seeking an alternative to traditional schooling?
- a self-starter and an independent learner?
- in an extra-curricular competitive program and need a flexible school schedule?
- interested in online learning?
- easily distracted in a large classroom setting?

DO YOU...

- work during the week?
- have tasks that make it difficult for you to attend school?
- suffer from anxiety and need a learning environment that allows you to learn in the comfort of your own home?

If you answered "YES" to any of these questions, NOVA may be the school for you!
